Уникальная особенность коллекции CLASSIC - не оттягивать внимание. Пастельные тона растворяются в пространстве, и даже шероховатая поверхность, которая редко встречается на других деталях интерьера, лишь подчеркивает детали, не отвлекая от главного.

Коллекция **SURFACE**
В партнёрстве с природой

В процессе творчества мы часто обращаемся к природе, черпая идеи и вдохновение, которые потом воплощаем в наших изделиях.

Так же, как и в природе не бывает двух одинаковых камней, так и кашпо, сделанные вручную, возвращают нас к истокам природы, символизируя многообразие в деталях и бесконечное пространство вариантов создателя.
